# COLIN L. MASTERS

29. Oktober 2018, 13.00 Uhr

Netzwerk Alternsforschung, Seminarraum 120, Bergheimer Straße 20, 69115 Heidelberg

## NAR Lecture

### Progress on the Road to Preventing Alzheimer's Disease through Targeting the Amyloid A $\beta$ Pathway

On 29th October 2018, **Prof. Colin L. Masters** will hold a talk on Alzheimer's disease at the NAR. He is currently the Co-Head of the Neurodegeneration Division of the Florey Institute of Neuroscience and Mental Health (Melbourne, Australia) and one of the world's leading experts in the field of neurodegenerative disorders. Over the past 30 years, his research has been primarily focused on the pathology of Alzheimer's, Creutzfeldt-Jakob, and Kuru diseases. In collaboration with **Prof. Konrad Beyreuther** Prof. Colin L. Masters has analysed the role of amyloid plaques in Alzheimer's disease.
